Jefferson City. That mudholes in the road are carefully nurtured in many communities of the state by persons who find it profitable to pull automobiles out of them when they get stuck, is charged by State Highway Commissioner Buffum in a road bulletin just issued. The issuance of this bulletin follows the action of Callaway county farmer who refused to pull the automobile of Mrs. James Houchin out of a creek bed until she gave him \$25.

Buffum referred to this incident in directly, then declared that the "mudhole business in which a lot of persons of this state are engaged is a growing disgrace," and that the persons who cultivate mudholes for the unwary motorists should be pros-

An informal reception was given by Mr. and Mrs. D. C. McClung at their Mr. Marshall declined to discuss the

sinking of the Arabic or any of the questions involved in the controversy with Germany. "Those matters," he said, "are in the hands of President Wilson and

Secretary Lansing. It would be inappropriate for me to discuss them at this time. Even were I inclined to talk about them, I am not sufficiently advised as to the facts surrounding the sinking of the Arabic to discuss that matter."

"I favor a stronger army and navy," continued the vice president, "but just what should be done to bring that about I confess I don't know. This will be at the front in the coming session of congress, and will make it most interesting and important."

The start on the long trip was made recently, and though the "yacht" was stuck in a Long Island ditch for 24 hours, it is proceeding merrily on its way. The party includes Mr. and Mrs. Conklin, their son and daughter, another girl, two nephews, two governesses, two chauffeurs and a cook.
